Update on plans to replace Colton sewage pumping station

I'm writing to update you about our plans to replace Colton sewage pumping station which has reached the end of its asset life. Our planning application was approved by the North Yorkshire County Council planning committee on the 16 August 2021.

We're planning to start work from Monday 13 September and our contract partner Mott MacDonald Bentley will be doing this work for us.

We're still finalising our plans and I'll write to you again in the next week or so with further details and information that should answer any questions you may have.

In the meantime, if you've any urgent questions please contact our customer experience team on 0344 848 1099 (Monday to Thursday 8am to 5.30pm and 8am to 5pm on Friday) and quote reference Capital YW.201495.

Yours sincerely

Lesley White
