- (a) Overflying Aircraft – Stewart Rogerson to report.** All councillors thanked Stewart for all the continued hard work he is doing to clarify the consultation process that forms the current stage of the ACP application to the CAA which both East Leeds Airport and Sherburn Aero Club have replied to. The main concern is related to navigation improvements and any implications of approval certainly could increase result in a huge increase in the number of flights using the airport particularly the introduction of large scale jet aircraft and training exercises. He is going to contact the local Parish Councils who showed an interest originally to update them on the present information. Residents will be kept updated at each Parish Council meeting.

- (c) Colton Defibrillator – Thanks/Paediatric Pads.** This unit is now operational and two volunteers have been trained on the weekly operation/check. (Thanks to Claire Tucker for carrying out this training). The Clerk has also received thanks from residents of Colton for providing this unit. These have been marked to make sure the correct pads are used in an emergency situation. The book exchange is now up and running thanks to Cllr Robinson fitting new shelves.
- (d) Yorkshire Water.** Cllr Nicholls wrote to this Company regarding the many issues both Colton & Bolton Percy have and still have over the last few years, with raw sewage entering gardens and the sewage pumps constantly breaking down, especially during heavy rain. He reported he has had a response from them and investigation works are going to start in the very near future in Bolton Percy, checking all manholes, camera investigation work, plus much more work. Residents will be kept informed.

5. PARISHIONERS ITEMS FOR DISCUSSION

The Parish Council have had complaints about the parking outside D'Oyly's Tea Room both on Oxton Lane (both sides of the road on the footpaths/grass verges and also on Main Street in the village. Parking on Oxton Lane is causing a problem with cars trying to turn into the village from Tadcaster side due to the kink in the road, cars coming from Acaster Roebuck cannot be seen. Cars parked on Main Street is causing problems with the school and service bus.

Clerk was requested to look into the planning application which was granted in 2020 for an extension to the original car park. A councillor has had a conversation with the owner of the Tea Room who confirmed the car park extension will be carried out in the near future inline with the agreed planning application.
